Iowa Assessments

Students will take Iowa Assessment tests over the course of several days (April 6 through April 17). When possible, students take the tests with their core teachers. For example, the math teacher gives the math test and the science teacher gives the science test. Usually, one test is given each day.

Iowa Assessments provide valuable information about the yearly academic growth of students. If your student will be absent for an extended period of time, please contact their grade level counselor to schedule make-ups.

Sports Officials Needed

The Indianola Athletic Department is encouraging your involvement. Our goal is to increase the number of local athletic sports officials in all activities. In recent years, the number of sports officials has decreased in the area. Indianola High School and the middle school have had concerns related to finding officials to officiate games. We are requesting your help in developing a pool of new, quality officials for Indianola and our surrounding communities so that our student athletes have the best possible game experience.

Sports officiating is a great way to get involved. Whether you want to earn extra income, support a particular activity, or just have extra time on your hands that you want to fill, please consider becoming an athletic official. ICSD prides itself on providing a solid athletic program. We are looking for motivated people with a passion for sports to join our efforts.

Please read the information below to see how you can become a licensed athletic official in the state of Iowa.
