Student Classroom Placement for 2023-2024

Assigning Students to Classrooms - Elementary teachers will soon begin assigning students to classrooms for next school year. Students will be assigned to classes for next school year by their current teachers and administrator, who are in the best position to make these recommendations. The teachers have worked with the children throughout the year and are able to identify their strengths and areas of needed support. Teachers consider many factors as balanced classes are prepared. These factors include:

- academic abilities
- social skills
- gender balance
- individual learning styles and needs
- student personality and interactions
- combinations of students to avoid
- class size

The Goal of the Classroom Assignment Process - The goal of the class assignment process is to produce a diverse combination of student groups who will work well together in the academic setting. This important task is vital to the creation of a positive class environment, which enables students to function to the best of their abilities. Students are assigned to classes based upon the best possible match of teaching skills and interpersonal needs of students.

Parent Input – We Need Your Support and Input! - Parents who feel the need to provide input about their child’s placement should contact the building administrator and request the Elementary Parent Input form from the school office. It is important to note that a request for a specific teacher is not appropriate. When providing input, please share your child’s strengths or weaknesses in writing to the administrator. The information will be considered during the class placement process. However, the act of submitting written information or a request does not guarantee placement in a particular class.

Please respect the teachers’ and administrator’s professional judgment. It is important to note that the teachers and administrator hand place every child. We have each student’s best interests in mind as class selections are made. Please have your input into the school by Friday, May 5, 2023.

Thank you for your support and cooperation!

At Irving, we emphasize how knowledge learned in the classroom can help students be successful in the future. It is important for students to start deepening their understanding of themselves, their knowledge and skills, and what steps they need to take in order to reach their future goals. We believe that it is essential for students at an early age to begin learning about different types of career path opportunities so they may begin thinking about how they will plan for their future career. Therefore, we will be hosting our Second Annual Irving Elementary Career Day! We would love to have your assistance in helping our students have a rewarding Career Day.

Irving's Career Day will be held on Friday, May 12, 2023 and will have two parts:

*Kindergarten, 1st, and 2nd grade students will participate in a Touch-a-Truck form of career day. This event will be held outside in the Irving parking lot from 8:30 - 11:00 am. If you have a vehicle for your career (ambulance, fire truck, tractor, crane, backhoe, plane, cement truck, etc.) that students could explore and would be available on May 12, please fill out this form: [GOOGLE FORM SIGN UP](#) (or email emily.puckett@indianola.k12.ia.us with your contact information).

*3rd, 4th, and 5th grade students will rotate between classrooms to listen to individual presenters from 1:15 to 2:50. Each presentation will be 15 minutes. If you are interested in presenting about your career and are available on May 12, please fill out this form: [GOOGLE FORM SIGN UP](#) (or email emily.puckett@indianola.k12.ia.us with your contact information).

Please sign-up by April 14th if you are interested and available on May 12.
