School Board Candidate Rob Keller came to give a little intro about himself. He has a son in middle school this year that attending Irving. Rob feels we need to get some more board members that are really interested in running because they genuinely love watching their children and other kids succeed. Rob feels we really need to work on bridging the gap between teachers & students and the board. His main issues are:

School Safety- SRO officer, he was on the committee to help get this done and he feels it is a step in the right direction

Students- are we giving enough challenges for the kids that are exceeding? Are we helping the kids that are a little behind? Do we mean it when we say above and beyond help?

Teachers- Rob wants to make sure we as a district, town, & county get back into the positive light. Are we listening to our teachers and taking their concerns necessary? One of his ideas is to create a teacher-to school board committee, get their concerns and opinions directly to the board.

Community Involvement- Get the small business owners involved weather it be reading, a lesson, etc. We have retired Simpson teachers/staff that we could reach out to.

Beautification Project- This Sunday Sept. 15th 6:00pm the main goal is to get the big pile of mulch moved!

Some ideas for the fundraiser are: Virtual Reality, accessible playground equipment, permanent Gaga ball, iPads if any need to be switched out, tether ball,
